Meet YOUR “WELCOME BABY!” CONSULTANT

Our “Welcome Baby!” Program provides consultation to expecting families starting the day you know you’re pregnant. By offering practical information, we’ll empower you to make the best decisions for you and your family.

Learn MORE ABOUT THE REGION’S ONLY 24/7 ON-SITE OB PHYSICIAN

Dupont has a one-of-a-kind program that provides added peace of mind by ensuring an obstetrician is in the hospital and ready to respond to emergent needs — every minute, every day. It’s called OB Stat. And it’s part of our commitment to being the birthplace of choice for parents everywhere.

Explore OUR PRIVATE NICU ROOMS

Our Level III NICU offers the latest in technology and developmental care techniques for premature newborns and critical infants. While we provide a wide range of medical and surgical services, it’s our caring staff of neonatologists and NICU nurses who make up the Dupont Difference.

Depend ON DEDICATED LACTATION CONSULTANTS

Breastfeeding provides a unique bonding experience for you and baby — decreasing your baby’s risk of illness and your risk for osteoporosis or diabetes. Dupont offers more lactation support than any other hospital in the region. Board-certified lactation consultants are here to help and offer a full line of breast pumps and Medela nursing bras.

Get to know YOUR LITTLE ONE

Dupont is proud to offer “Welcome Baby Softly.” It provides you and your new family with an hour of quiet time immediately following delivery so you can bond, nurse and “softly” celebrate with your little bundle of joy.

Register FOR FREE CLASSES

To help you prepare for your childbirth experience, we offer a variety of family-centered classes, including “Breastfeeding Basics,” “Dupont Dads” and “The Sibling Great Adventure” for older brothers and sisters. After baby is born, you can join valuable support groups that help you adjust to motherhood by giving you a chance to ask questions, compare notes and swap stories with other new moms. Visit us online at TheDupontDifference.com for a complete class schedule.

Enjoy HOTEL-STYLE AMENITIES

Our delicious, made-to-order entrées and snacks are available 24/7! Day or night, we'll help you relax with room service, in-room movies, a rocking chair, a spacious shower and even a sleeper sofa for the family. Sounds like a hotel, doesn't it?

Capture THE MOMENT OF A LIFETIME

Capture your baby's beauty forever. In partnership with Legacy Portraits, we offer the opportunity, during your hospital stay, to preserve your newborn's image in a way that is as unique as your infant.
